

Ericsson Heroes redefining humanity

by [Manka Mishra](#) | Aug 19, 2013

Two real life heroes Arnab Bera and Tanmoy Mondal helped a seemingly unknown person in distress. An incredible narrative of presence of mind, strength of character and pure heroism saved not just a life but also ignited a spirit we all deeply cherish in us and others.

With no lure of fame or greed for money, when **Arnab Bera** and **Tanmoy Mondal** extended support to an accident victim on the roads of Kolkata, little did they know this act will help them meet one of their own Ericsson colleagues who was stranded in a pool of blood on the roadside.

Arnab Bera

This duo from the solution integrations team did not only offer selfless help to get the victim to the nearest hospital but also ensured that the injured was conscious and taken to immediate medical support. Demonstrating the real values of a true Ericsson, this story is of respect, integrity and reverence for humanity.

It is a moment of extreme pride and gratification when such special stories of heroism come to face reality.

Arnab was on his way to office when he found a man lying in a pool of blood by the roadside. Crowd of anxious onlookers gathered around the victim without offering any support. Arnab made his way through the crowd to reach the injured and found him severely wounded. The man was not just injured but unconscious of his current state lying in a stream of free flowing blood.

Tanmoy Mondal

Arnab Bera managed to stop a cab and rushed him to the nearest hospital. On his way to the hospital, Bera called Tanmoy Mondal, one of his colleagues who lived in the surrounding area. The man was lying unconscious on Arnab's lap; they were talking to him continuously to keep him awake until they reached the hospital. It was only when the Ericsson Heroes starting looking for the ID card of the injured, they realized it was one of their colleagues- Mithilesh Kumar whose contact details confirmed that he was an Ericsson employee. Undeterred by their act of courage and heroism, they immediately called the HR department to inform them of the entire incident and simultaneously reported it to the family members of Mithilesh as well.

It is a story that you will never read in a comic book or an adventure movie. This is a story of courage, respect and real heroism, the **special E-factor** that marks a clear distinction and puts us all as **One Ericsson**.

Re-discover the '**Arnab Bera**' and '**Tanmoy Mondal**' in you today! Respect for real heroism.

Kakali Roy

Arnab, I was always proud of you and had faith in you as a good human. You proved it again. God bless you and Tanmay also who was just a phone call way. I remember how values were integrated in our character while we used to work as a team in Ericsson Kolkata. I know Mithilesh also, hope he is fine now. Wish him quick recovery. Let me know if we can be of any help. Cheers to Ericsson :)
